

# The Fete

I went to the fete at Weilmoringle School on Saturday .I went with my family and there were lots of other people from other towns.

The fun water slide was 10m tall, it was scary right at the top. It was fun.

The cakes were yum because they were chocolate flavour inside the cakes.

The bike races were lots of fun because I was getting lots of exercise.

It was a cool day then we went home.
